WHERE WAS THE MARSHALL?

ROBBERY AVERTED BY BRAVE TOWNSMEN WHO’S SUSPICIONS HAD BEEN AROUSED

ONE HERO SERIOUSLY WOUNDED WAS STRANGER TO TOWN!

ONE AGAIN THOSE PUSHING for the prohibition of guns within town limits have reason to pause and rethink their foolish positions. For the second time in as many months a bank robbery at the Muskeegie Bank was narrowly averted yesterday. Deputy Abraham Smith credits four men as Muskeegie’s Heroes of the Day. Heroes who fortunately had swift access to their weapons when danger called.

Bart Smith, Hank Stream, Jedidiah Smith and an unnamed Indian companion apparently had their suspicions aroused after learning Jason Cogburn’s dogs had been shot and killed early the night before last.

Strange enough, Bart Smith and Hank Stream are strangers to town who hadn’t even taken time to secure a night’s lodging. They were taking drinks at the Diamond Spur when they over heard the animals had been slain.

“I got to wondering why anyone would kill good hunting dogs,” said Bart Smith from his cot at Doc Mason’s loft where his gunshot wounds were being tended.

“I grabbed some other fellows and we went to poke about a bit and see what we could learn.”

The group quickly realised the animals had been killed to silence their barking. The close proximity of the animals to the bank led to them returning their suspicions to Deputy “Stick” Abraham, who had left in charge while our “brave” Marshal was away on a trip to Cortez apparently playing wetnurse for his sister.

“To be honest, I figured I knew who had killed them dogs and why,” Deputy Stick later said. “But being short handed and all I thought it might not hurt to be safe. So I despatched those men and had them hold watch on the bank.”

Deputy Smith’s cautious nature and good instincts served him well for his new recruits soon found their suspicions confirmed.

Shortly after 10 p.m., four shadowy figures silently walked their horses behind the bank and set about entering through an unlatched window.

Little did they know they had walked into an ambush. When the smoke cleared, two bandits lay dead and two others critically wounded – members of the infamous Mexican Bob Gang, as it was later determined.

Bart Smith took a shot to the jaw while bravely chasing down one of the men who chose to flee empty handed like the coward he was.

Killed in the gunfight was Gasparo Rodriguez and his brother, Julio. Wounded were Hernando Valdez and “Diablo Juan.” The gang was carrying six sticks of dynamite and planned on blowing the vault. It is assumed Mexican Bob slipped away during the commotion.

Where was the Marshall?

The HERALD’s question is this. WHERE WAS THE MARSHALL? Mexican Rob and his band of cutthroats held up the bank in Lazarus two weeks ago and it was KNOWN they were in the area. Why are we paying him? First he allows Peter Max to escape from jail while under his watch. Now this.

Two men of iron to dampen the flames of violence that have engulfed our good town. Which is why we continue to urge the council to step aside and free the way for free elections.

Muskeegie needs a Mayor armed with the power to appoint tough men who aren’t afraid to sweep the criminality inclined from all the corners of our town.

The Town Council has no backbone when it comes to doing the tough work that needs doing. But oh how they do come up for air when called out for it. The HERALD has received letters of threat, “Be silent or else,” they read. Yet strangely enough they are unsigned. One does not have to scratch his head for more than a moment to realise who the cowardly authors are.

Let’s just hope the Marshall finds the backbone his obviously missing while away on his trip.

LOCAL MAN ARRESTED.

HELD AT JAIL AS OUTSIDE ACCOMPlice TO BANK ROBBERY

Era Titus, a stable hand at the A&C stables was arrested after a gunfight at the A&K Saloon this yesterday afternoon.

The Marshall’s Office isn’t talking, but witnesses say Titus is being held as an accomplice to yesterday’s attempted bank robbery.

Titus has had several run ins with the law since his arrival to town last year. Last fall he was sentenced to 30 days in Jail after stealing a pistol and a watch from Old Man Nephron who he had rolled behind the Iron Horse Saloon.

“Tolent hand should suffice” Judge Carson commented in court. “He’s a good boy who needs mending back toward the straight and narrow.”

Titus showed his gratitude by breaking Marcus Tyler’s nose in a brawl barely 3 hours after his release. The attack was in retaliation for Tyler’s testimony at Titus’ trial.

He was recently arrested and held for 30 days for beating Jeffrey Boggs, a reporter at the MUSKEEGIE HERALD and for threatening to burn the HERALD’S office for refusing to let the Nephron-case lie fallow.

It is our hope the law deals with Mr. Titus more firmly than they have in the past.

TOWN COUNCILMAN BANNISTER ATTACKED BY NEW DEPUTY

In what can only be described as a bizarre incident, Town Councilman Jason Bannister claims he was brutally attacked by two deputies. (Missing pieces, as only guessing at some words.) Deputy "Stick" Smith was in charge of the Marshall Office while Marshall Orange was away. I simply appealed to the deputy in an official capacity to demand he perform the duties of his office and arrest a known violator, said Bannister as Doc Mason tended to a deep laceration to his forehead. "The man's insane. He attacked me without provocation," said Deputy Troy Brennan who witnessed the attack refused to comment when asked, only saying, "This is better to be taken up with the Marshall upon his return. This is certainly a serious matter which must be addressed." Bannister further stated that he intends to press charges.

CONFEDERATE NAVY LAUNCHES NEWEST IRONCLAD

TEXAS DEGNY ARMS RACE

Confederate Ambassador W.D. Porter presided over the launch of the CSS South Carolina in Brest, France. This enormous 5,000 ton armored warship is reputed to be the most fearsome naval vessel ever to be based in this hemisphere. She is a sister ship to the Napoleon, the French vessel that caused such a stir when deployed to the Orient. Protestation last year in an attempt to strike fear in the Mexican government.

It was entirely delightful and I hope to attend on regular basis. The pleasant conversation, the creative expression and the general air of levity was quite refreshing." Mrs. Miles, the pastor's wife, said she was pleased at the response and opened a new invitation to some of Muskegie's ladies to attend the next meeting. Meetings will be held monthly on the first and third Thursdays from 6:30 to 8:30 in the evening. "Please bring any piecework that you would like to work on," Mrs. Miles said, "and be prepared to enjoy yourself!"

As the local Operator.
Taps was a linesman in the DM. The Muskeegie Telegraph Commission has announced they are looking for a new telegraph operator. Pay is 100 a day. To know Morse C and how to read and write. See Jason Talburt at the First National Bank.

The South Carolina will join the Confederate fleet at anchorage in the Havana naval yard. The vessel is reported to have cost the confederate treasury over two and one half million dollars in gold, a staggering sum.

Given the poor reputation of confederate currency, one naturally questions whether Richmond could have procured this amount of bullion. It would appear that the wild claims often heard of former graycoats finding rich lodes in this territory should bear greater scrutiny.

Admiral David Dixon Porter of the United States Board of Navy Commissioners has stated that this challenge will not go unanswered.

ANIMAS VIGILANCE LEAGUE FORMED

Jack Maader and Derek Bayes have announced the formation of the Animas Vigilance League. Members of the AVL have sworn an oath to and the reach of justice beyond the town limits of Muskegie. "The Marshall may wear a badge but he's got no teeth" explained Maader. "Every varmint and undesirables in a hundred mile radius knows that. They come to our town harass the good citizens and then with their backs turned, run where they know they are beyond reach. We aim to change that. Muskeegie is no longer an easy mark."

The AVL is being banked by several Muskeegie merchants. The AVL has refused to name who those individuals are.
